

Seminar Overview

Geoff Flohr, Retired Michigan State Police Specialist Detective Sergeant / Polygraphist, currently serving with the Las Vegas Metro Police as a Polygraphist, is a nationally recognized & certified forensic interviewer (CFI).

This course will highlight a 25 year old cold case Homicide that was solved in part by using Flohr's own Gathering Linguistic Communication Information Theory.

This is the second time we have invited Mr. Flohr to teach in Ohio and we are receiving this course before it is presented nationally in St. Louis, Missouri May 2010.

Detective Robert A. Borowski

Det. Rob Borowski has been a Police Officer for 17 years and has served the last 8 years as Holland Police Department's Homicide Detective & Training Officer.

Det. Borowski was the lead investigator on the Janet Chandler Homicide Cold Case.

Geoff Flohr and Rob Borowski worked together to solve this 25 year old homicide and we will have the benefit of having them both as instructors for this seminar.
